Hey Jen,

Did you happen to hear back from Dave at all? I'm eager to learn how the CA MS4s are calculating compliance with their 0 trash WLAs.

Thanks!

Hi Dave,

It was nice seeing you at the National 303d fly in. I hope all is well with you. We're working on a revision for the Anacostia Trash TMDL and wanted to talk with R9 folks who worked on the LA Trash TMDL. We recently received new data and are considering several options for revising the TMDL including using the LA trash TMDL approach. We'd like to hear any lessons learned and how the implementation has been going. Please let me know if you could provide contacts for further discussion. Thanks, Jen
